

# Navigating the Buck-IRB Home Page

## Follow these steps to Buck-IRB:

- Under “My Studies,” you can view all active studies in which you are named as a principal investigator, co-investigator, key personnel, or additional contact.

**MY STUDIES**

These are your active and in progress studies sorted by your role. You may search for a specific one by entering text in the input below. To easily search for any submissions that are currently pending a team member's signature (not necessarily your own), type "signatures" in the Find a Study input below for a listing. Otherwise, studies that are pending signatures will be denoted with a icon.

- A specific study can be located by entering key words into the “Find a Study” field.
- Clicking the “Number” (study number) link for a given study will take you to the study workspace.
- Studies can be sorted based on the various column headers.

- Several actions are available in the left-hand “Workspace Actions” menu. You can toggle the menu open and closed by clicking anywhere on the menu title bar.
